General Information:

This is a team camp developed by my former HS coach Ron Martin. Ron is one of the most decorated HS coaches in Ohio and is renowned by many as one of the best coaches in America. Ron took a break from coaching and started this camp but has now returned to coaching at Tiffin University. He began this camp as a way to give back to coaches and athletes in the sport of running.

This camp is a team camp. Boys and girls teams from around the state will be participating. The camp is designed to be a place where coaches can bring their athletes to train. The camp is as structured as I design it to be. You will stay in a cabin with 9-16 other Centerville ladies. We will run one or two times a day and usually have a water workout in the afternoon. The other times will be filled with team activities, competitions, guest speakers, evening activities, individual goal sessions, team meetings, etc.
